

Scene of Hidden Conflict- character in way of another character's want, but doesn't know it

Example answers in italics

Character A wants: *to leave room (kitchen)*

(wants should be in conflict)

Character B wants: *to have a talk about their relationship*

Tactics tried by character A: 1. *flatter*
2. *make a date to talk at a future time*
3. *kiss goodbye*

Tactics tried by character B: 1. *reminisce about better times*
2. *threaten*
3. *cry*

Smart creative way character A gets what they want: *turns up the burner when kissing character B goodbye, so that her food begins to burn and she gets distracted and A can slip out the door*
